President's Message

December 19, 2017

Thank you to all who attended our annual holiday gathering at Ciccarelli's last week. What a wonderful time. I hope that you enjoyed it as well.

This season I would like to thank you for the work that you do to make our community a better place to live, and wish you all the best this season has to offer.

We will not have a meeting next week to allow you time to travel or spend time with family and friends.

President Steve
