(For members & Spouse or Significant Oth)

President's Message

November 14, 2017

One thing I look forward to at our club meetings is a great program. We know that your time is valuable, so providing great food, good company and interesting & informative programs help make the meetings worth attending. I want to thank Theresa Brown for her work in that arena. If you have ideas for programs, or if you would like to help on this committee, please let me know.

President Steve

Today's Program

Children First for Oregon was founded in 1991 to improve the lives of Oregon children by galvanizing community support and informing decision-makers about the solutions kids need. By focusing on child abuse prevention, foster youth advocacy, legislative solutions, and research and data, the organization works to make Oregon a place where all children can thrive.

Festival of Trees

Did you know that the Festival of Trees has supported many local programs that benefit women and children for many years? The event began with the former Bay Area Rotary Club until that group merged with the Coos Bay-North Bend Club. It supports the Shots for Tots and Teens Program, Women's Safety and Resource Center, Kids HOPE Center and the effort to eradicate Polio. Businesses, individuals and organizations are the driving force in making the event so successful. If you or your business or organization are interest, you can become a wreath or tree sponsor. Decorating happens November 27th followed by a "live" auction on December 5th.
