Today's Program: Gift of Literacy

May 1, 2018

John Jorgensen, Founder of the Gift of Literacy, will talk about the program and what it has meant to students who have benefited. The Gift of Literacy is a cooperative project of the Rotary Clubs of Coos Bay-North Bend, Bandon, Coquille, Reedsport and Myrtle Point. It is also funded by these clubs, the Coos Foundation and a matching grant from Rotary District 5110. Each youngster will receive a hardbound book that they have selected. The celebration event with 600 1st graders takes place Wednesday at Southwestern Oregon Community College.

District Conference This Weekend

Traveling to the conference in Ashland? Find out about funds available to defray the costs from President Steve ([by email](#)) or Tom Bennett ([by email](#)). Find out more and Register on the District 5110 website [Click Here!](#) Also, Save the Date for the District Governor Changeover at club on June 19th.

Tree Planting Challenge

This year, RI President Ian Riseley issued a Tree-Planting Challenge in which he asked every Rotary club to have one tree planted for each member by **22 April 2018**, which is Earth Day. Thanks to Farr's True Value and the Junior University, Our club met that challenge. Earth Day Weekend the free event included preparing and planting a tree for all children who participated. The Douglas Fir Seedlings were placed in containers, watered and sent home to be replanted. Thanks to Jay, Helen and Lisa Farr for helping us meet our club goal of 129 trees.
